BOOK SYNOPSIS

As a teenager, Jill Shannon fell victim to her stepfathers cruel abuse. Now, as an adult, Jill made it—she has a successful career and a solid, if not static, marriage to Detective Alex Shannon. Together they live out what seems to be a perfect life in Seattle. The vow she made as a teenager to never again be a victim lies dormant—until one day a reporter lures her to his hotel room under the pretense of an interview—and suddenly it all comes rushing back. Jill seeks revenge on the reporter, triggering a series of events that leads Jill down a wormhole of retribution, forcing her to spin an ever-widening web of lies. Meanwhile, Alex is on the case of a series of murders that began as cyber relationships. There seems to be a familiar fingerprint on these crimes, but Alex refuses to believe that the murderer could be so close to him. For those who couldn't put down *The Girl with the Dragon Tattoo* comes a thrilling ride à la Mr. and Mrs. Smith, where husband and wife stand on opposite sides of a divide created by lies and rooted in a dark and deadly past.
